NT FIRE & EMERGENCY SERVICES

VOLUNTEER COMMUNITY FUND

The Northern Territory Fire and Emergency Services (NTFES) is the lead agency in responding to urban, regional and remote incidents from rescues, crashes, fires and severe weather events. Our 800+ volunteers respond all year around and show up when it matters most.

Territorians and businesses can directly support NT Fire and Rescue Service, NT Emergency Service and Bushfires NT volunteers through the NT Fire and Emergency Services Volunteer Community Fund.

Through donations, you can help volunteers stay skilled, equipped and ready to protect the Territory.

By supporting our volunteers, you help build a safer and more resilient Territory.
